Meeting
June 22, 2001
Gilmanton Academy
Gilmanton, NH

Present: Marion McIntyre, Pete Osler and Candace Daigle, Trustees.

Received quotes from Kevin Fife on stone work @ Tibbetts (\$700), Stage Rd (\$3,000) and Parsons (\$1,250). Carl Moorehead feels he can reset granite post and straighten back wall at Parsons. M. McIntyre will authorize him to proceed instead of hiring Fife.

As there are funds held over from last year towards this year's project, the P. Osler will contact Fife and authorize him to proceed at Stage Rd. If maintenance expenses increase this year due to the increase in rate as well as more work, the final Fife wall work/payment will be held until after the 1st of the year. Next year the Tibbetts wall will be finished.

P. Osler has not been able to reach Chip Johnson regarding tree removal. M. McIntyre will contact Carl Moorehead and see if he has someone he would like to contact. If not, P. Osler will contact Bartlett and get together w/Carl about what trees need to be cut.

Next meeting will be scheduled as needed.
