Joint Work Session

The Gilmanton Planning Board and Conservation Commission will conduct a Joint Work Session Meeting on August 12, 2010, to discuss the use of Biosolids and Aquifer Overlay. The purpose of the Work Session is to begin working on possible Zoning Ordinance amendments.

The Planning Board will continue Biosolids discussions on September 9, 2010, when Caroline Snyder, co-chair of New Hampshire's Sludge Management Advisory Committee and member of the Sierra Club Sludge Task Force will present information pertaining to the use of biosolids.

**Nancy Girard, Planning Board Chair
Tracy Tarr, Conservation Commission Chair**
