I would be able to assist in retrieving loose or injured horses
 I would be able to temporarily house loose horses until the owner may be located.

The Gilmanton Police Department is working to gather and maintain a file of all horses residing in the Town of Gilmanton. Horses get loose on a regular basis and the Department is called out at all hours of the day and night to retrieve them. The Department does not have the resources to deal with such a large animal and locating the owner is extremely important to the horse and the motoring public. In attempt to help the Department we would cordially ask for your cooperation by completing this voluntary form. Should you have any questions or concerns please call the Gilmanton Police Department at 267-7401.

Please feel free to drop off, mail back to GPD at PO Box 190, 297 NH Route 140, Gilmanton, NH 03237.
