Selectmen
 Town of Gilmanton
 PO Box 550
 Gilmanton, NH 03237

June 15, 2017

Dear Selectmen:

The New Hampshire Division of Forests and Lands is planning a salvage operation to remove downed trees resulting from the late March 2017 nor'easter from 48 acres of the Sanborn State Forest in the town of Gilmanton, New Hampshire. Attached is a location map of the planned harvest for your reference.

The harvest will require transportation of forest products over town roads. Paul Perkins, Gilmanton Road Agent, will be contacted to discuss any impact to the roads from logging trucks.

We are in the early stages of planning this harvest, however due to the damage we anticipate offering for public bidding this summer. At that time you will be notified as to the timber volume sold and the successful bidder who will be responsible for payment of the timber tax.

If you have any additional questions or comments, please contact the forester in charge of this project, Robert Hardy, or me at (603) 796-2323. Please refer to project P2-435.

This letter is in compliance with RSA 541-A: 39, Notice to Municipalities. We would appreciate it if you would post this letter in a public place. Thank you.

Sincerely,

Shaun Bresnahan (H)
