19 were not sealed.

20
21 **Recess** - Chairman Currier called for a 5 minute recess for set up for a presentation.

22
23 **Meeting called back to order.**

24
25 **Community Action Program for Merrimac and Belknap Counties** – Terry Paige is the
26 Midstate Regional Coordinating Council Regional Coordinator for Belknap and Merrimac
27 Counties. She is here to talk about community transportation. In 2007 the Federal Government
28 mandated the states to coordinate for community transportation. 10 Regional areas were set up in
29 the State, near area hospitals. Lakes Region Planning Commission works with Midstate
30 Regional Coordinating Council for Belknap County. They work to improve mobility and access
31 by all by coordinating regional and community transportation, services and information.

32
33 Arthur will put up information on website for transportation regarding these services. Handouts
34 will be posted on the bulletin board at the Academy as well.

35
36 **Office Hours:** Arthur Capello asked the Selectmen about changing the hours to 8:30 – 4:00 pm.
37 After discussion the Selectmen decided to keep the hours for the Selectmen’s Office at 9:00 am –
38 4:30 pm as it has been.

39
40 **Event Policy for Town/Non-Town Functions** - Arthur Capello gave the Selectmen three forms
41 from the City of Concord to review regarding how the Concord handles events. After they have
42 read through them and discuss, Arthur will put together an Event Policy for the Town of
43 Gilmanton for the Selectmen to sign.

44
45 **Budget** - Arthur Capello said he will have a more extensive report at the next meeting. As you
46 know we are over on heating oil because of the cold winter and snow plowing/ sand/salt over by
47 about \$3,000.

1 **Planning Board/Accounts Payable New Hire:** Arthur Capello said we have hired a Staci
2 Ricks, who attended a training on Saturday for Planning. Wayne Ogni, Chairman of the
3 Planning Board attended the training with Staci Ricks.

4
5 Wayne Ogni said there were a few things regarding law updates, the first is that the authority for
6 Road and Regulation will be given back to the Selectmen if the new law passes. The second new
7 recommendation will be that every Planning Board Member should have a New Hampshire
8 Planning and Land Use Regulation Book. Wayne Ogni recommended that the Planning Board
9 order the Planning Regulation Books for each member. The Selectmen agreed.

10
11 Selectman McCormack said that there was an Attorney at the conference that said under RSA
12 31-105 and 31-106, (the Town should vote to adopt the RSA) for the protection of the Town and
13 the Selectmen, members of the Boards, etc. It will be reviewed and voted on at a later date.

14
15 **Academy Building Use :** Ann Kirby wanted to know what the policy was for the use of the
16 Academy Building? Selectman Currier said we have set a policy. The Academy will only be
17 used for Town functions. Ann Kirby said no more “fun stuff” here? Selectmen Currier stated
18 not at this time. Ann Kirby said you may not want to ask for money to help support the
19 Academy if people are not able to use it.

20
21 Events will be held at the Old Town Hall.

22
23 **Gilmanton Year Round Library -** Ann Kirby said that her comment tonight relates to the
24 Laconia Daily Sun Article, it was so disconcerting to her to open the newspaper and see the
25 Selectmen’s comments, not so much that you didn’t want the Selectmen to be a formal
26 representative and she understands the voting part so it wouldn’t be a conflict of interest. She
27 was disappointed that the newspaper “flavor” was that it was a negative thing. The reporter said
28 that the Selectmen seemed “put off by”, Ann asked what were you put off by? She didn’t think
29 they had done anything that was “off putting”? Selectman Guarino said the minutes quoted the
30 paper. Selectman Guarino read again, “Ann Kirby said that having the town willing to officially
31 have a representative to the Library was a big step towards their ultimate goal of having the
32 Library owned and operated by the Town”. Ann Kirby said and maybe the paper does not quote
33 me exactly, as I’m sure you don’t get quoted exactly. Ann Kirby said she came to clear it up.
34 They have long range planning that they are working on, and they are happy to have a Selectmen
35 listening in on what is going on, as they are questioned about transparency, it’s Town funds etc.
36 It was a great thing, a positive step, we were working together. We are doing long range
37 planning, someday the Library Board would love for this to be a Town owned building.

38
39 Ann Kirby said there was no leap from a Selectmen being on the Board to a Town owned
40 building in any sense of reality. She feels that the paper spins the information, and Ann Kirby
41 said they are just moving forward, in a positive manner, long range planning possibly to make it
42 a Town owned building. It is all to better serve the Town for a Library, there are no ulterior
43 motives, just trying to do the right thing.

44
45 **7:18 pm Close of Public-Input:** Chairman Currier closed public input.

46
47 **Lighting in the Upstairs Academy –** Arthur Capello said that he would like to update the
48 lighting as he has had many complaints about poor lighting, difficult to read or see. He has

1 worked with Wayne Ogni to come up with a lighting plan. Wayne Ogni said that LED lights are
2 the least expensive to run. The lights he is looking at are 12 8' lights, 2" wide. Selectman
3 McCormack said are we going to keep the existing side lights and replace them with the LED
4 lights? So Wayne Ogni said they could be replaced with LEDs.

5
6 Selectman Guarino said that the building/auditorium has a "sacred status". He agrees that the
7 lighting could be better. Selectman Guarino said we have to think about the consequences, some
8 people may want input on this. Selectman Guarino said maybe we should have a hearing on this.
9 Arthur Capello said we will have a public hearing May 20, 2014 at our next Selectman's
10 Meeting.

11
12 **E-Mails** – Selectman McCormack said that it was strongly represented by a lawyer at the
13 Selectmen's training he attended to have no personal e-mails, but to set up Town e-mails at the
14 cost of \$3.00 per account. Arthur Capello asked Laura Spector Morgan, Town Council, if Town
15 e-mails were set up for the Selectmen and Board Member strictly for Town business, would that
16 protect them from their own personal e-mails being brought in as well. Laura Spector-Morgan
17 said probably, the problem is that if you are e-mailing from your own home computer, no matter
18 what e-mail you are using, some people are overly anxious to seize your computer and get
19 everything off of it. Arthur Capello said possibly g-mail may be free. Laura Spector-Morgan
20 said it could be something like Brett.CurrierSelectman@gmail.com.

21
22 Debra Cornett, Town Clerk, asked how would g-mail be different from what they have now?
23 Laura Spector-Morgan replied, it is different because it would be a dedicated account only for
24 your Selectmen's business.

25
26 Selectman McCormack said the other advantage is if someone needs to correspond with you as a
27 Selectman, they would have an e-mail for you. Debra Cornett said if you want to make it
28 official it should have the Gilmantonnh.org address like the rest of us. You can access it from
29 anywhere.

30
31 Selectman McCormack would like to have a motion made to accept the new e-mail policy.
32 Chairman Currier said we can continue this discussion later after the Public Hearing.

33
34 **7:30 PM PUBLIC HEARING FOR WARRANT ARTICLE #19 FOR THE FIRE TRUCK**

35 Laura Spector-Morgan explained the procedural defects as follows: The Town had a Warrant
36 Article for a lease/purchase to buy a truck. The Town wants to use money out of reserved funds
37 as the first payment for this lease purchase agreement. DRA takes the position that if you want
38 to take money out of the reserve funds towards the lease/purchase agreement, it has to be a lease
39 purchase agreement that does not have an escape clause, you cannot get out of it, those Capital
40 Reserve funds have to absolutely be used toward that truck. Because it has an escape clause, it
41 makes it technically debt; and because it is debt for over \$100,000 it required both that it have a
42 public hearing, such as tonight, and that it be the first substantive Article on the Warrant.
43 Neither a public hearing nor being first on the Warrant happened. So there was a procedural
44 defect. So what happened is, when it came time to execute the lease purchase agreement, and
45 our office was asked to sign off on it, and say that everything was done legally.

46
47 Debra Cornett, Town Clerk said when we had our public hearing, we discussed this, the whole
48 thing at the public hearing. Town Counsel, Laura Spector Morgan, said that there had to be a

1 separate public hearing noticed. The public hearing can be held at the same time as deliberative
2 session, but must be noticed separately.

3
4 Brian Forst, Chairman of the Budget Committee, said is that a change with SB2? Town Counsel
5 said yes.

6
7 Debra Cornett, Town Clerk, said the only thing that changes with SB2 is that the vote has to be a
8 3/5 majority, not a 2/3 majority. Ann Kirby asked that the other fact is that this had to be placed
9 earlier in the Warrant, is that correct? Town Counsel said yes, after electing officers, after
10 zoning amendments, it would be the first thing you would discuss at Deliberative Session. Debra
11 Cornett said how did this get by Town Counsel? Town Counsel said it didn't get by. Arthur
12 Capello said it was DRA that reworked it, and added the escape clause and redid the numbering.
13 Rachel Hatch asked since this was a defect that DRA professionals caused, is there any way that
14 the Town of Gilmanton can recoup the costs of the Special Meeting? This is costing the tax
15 payers money, and it's at no fault of the Board of Selectmen, I want to be clear on that. Town
16 Counsel said I understand your point, but I can guarantee you are not going to get the State to a
17 position on this. Rachel Hatch said that her concern is that not a lot of people know about what
18 is going on tonight. The notice was posted in the newspaper, the Academy Building, the Town
19 website and the post offices. Rachel Hatch said her concern is that people are not going to come
20 out and vote in June, and those that do come to vote, what if they vote no.

21
22 Chairman Currier said it will be posted so people will know what the vote means, and what the
23 Special Town Meeting is about. It will be posted as to what a yes vote means and what a no vote
24 means.

25
26 Debra Cornett, said could you please tell us what the impact will be if the vote is NO. Town
27 Counsel said you would have to wait until next year's vote. The Grant possibility is still out
28 there as well. Arthur Capello said currently the price on the truck is being held until this vote,
29 on June 10, 2014.

30
31 Rachel Hatch asked if the Town would lose their deposit on the truck. Arthur Capello said no.
32 Arthur Capello said what he would ask of Town Counsel, is that they write up the Warrant to be
33 voted on, so we can get it out to the people.

34
35 Rachel Hatch said that she would encourage those that are here at this meeting to pick up a
36 phone and inform people about the upcoming meetings and voting.

37
38 Debra Cornett recommended that the Notice that Town Counsel is preparing should be posted
39 daily until the Deliberative Session in the newspaper. Arthur Capello said as soon as he receives
40 the Notice from Town Counsel it will be posted in the Laconia Daily Sun. Debra Cornett said
41 she will post it on the website as well.

42
43 Rachel Hatch asked if Arthur Capello could "gestimate" what this Special Meeting will cost the
44 tax payer? Chairman Currier said about \$2,000.

45
46 We will have Counsel at the Deliberative Session on Tuesday, May 13, 2014, at 6:00 pm.
47

1 **7:54 pm Public Hearing Closed** – Chairman Currier closed the Public Hearing on Article #19,
2 Fire Truck

3
4 **Town E-Mails** - Arthur Capello said if the Board pleases, he will set up g-mail accounts for
5 them.

6
7 **Bulletin Boards** – Selectman McCormack asked about having an “exterior” bulletin board.
8 Selectman Guarino said the design would have to be approved by the HDC. Public Sessions,
9 hearings, meetings, the bulletin board would be strictly for Town business. Selectman
10 McCormack would just like to get information out to people in as many places as possible.

11
12 **Town Gas Pumps** – Selectman McCormack spoke with the man in charge of the State
13 regulations for gas pumps. By 2015 our tanks will have to comply with those regulations. The
14 State offers a free service to come inspect the tanks. Selectman McCormack will call the person
15 at the State that he spoke with and have him contact Arthur Capello. Arthur Capello will look at
16 the Dump and Highway gas tanks with the State inspector.

17
18 **Request for Proposals -**

19 Arthur Capello said the following RFP’s have gone out for bid:

26
27 All based on Warrant Articles that were approved by the Town vote in March, 2014.

28
29 Selectman Guarino asked if there was anything else to be put out to bid regarding maintenance
30 on the Town Buildings? Arthur Capello said the repair on the Fire Escape has also gone out to
31 bid.

32
33 Chairman Currier asked about the Academy Building and drainage? The Selectman discussed a
34 possible catch basin next to the building. Selectman Guarino said there is a sprinkler feed from
35 Henry Page’s pond with no shut off, so we need to be careful of that. Selectman Guarino will
36 come up with a solution and get back to the Board and send out an RFP for drainage.

37
38 Arthur Capello will check with Mr. Page, regarding the roofing fix.

39
40 **Painting Ceiling Upstairs -**

41 Selectman McCormack asked about painting the ceiling upstairs, if we are going to have new
42 lighting, we should take care of the ceiling at the same time. The Selectmen will discuss this at a
43 later date. Arthur Capello said that we can talk about it at a later date, but it is not in the budget
44 at this time.

1 **Letters to the Board of Selectmen/Town of Gilmanton:**

2 *Thank you Letters from:*

3
4 **Red Cross**

5
6 **Community Action**

7
8 **NRRA, Membership Renewed**

10 **Gilford High School Jrs. and Srs.** would like to volunteer their time for Community Service,
11 ie. Painting, Gardening, Spring Clean-Up etc. Arthur Capello said possible clean up at the Old
12 Town Hall or at the Transfer Station, he will respond to Gilford High School.

13
14 **Town of Barnstead** – Acting Police Chief Joe McDonald sent a letter to Chief Collins,
15 Gilmanton Police Chief, in appreciation of Sargent Matthew Currier with respect to two recent
16 arrests made in Barnstead. Sargent Currier’s actions helped to make the scene safer. Please take
17 a moment to thank Sargent Currier for me. I ask that a copy of this letter be placed in his
18 personnel file, it is reassuring to me as the officer in charge of the department, that we can rely
19 on a true professional such as Sargent Matthew Currier to assist when necessary.

20
21 **Selectmen’s Office Staff** - Arthur Capello said he would like to thank the Office Staff publicly
22 for their extra efforts and help during this time when they have been short- handed without the
23 Planning/ Accounts Payable position being filled.

24
25 **Joint Training Session for Boards and Committees:** Arthur is waiting for members from
26 Boards and Committees to set up a date, Selectmen, Planning Board and Budget Committee.

27
28 **Snowplowing Bids** - Arthur Capello asked if the Snow Plowing could go out to bid this year.
29 Chairman Currier would like to set the rate, offer the plowing to the people who currently plow
30 for the Town and have them sign the contract by a certain date. If they don’t sign or accept then
31 the plowing can be put out for RFP.

32
33 Arthur Capello will put this on the agenda for May 20, 2014 as part of the Town Administrator’s
34 Report.

35
36 **Sand Out to Bid** –Selectman Currier asked that the sand be put out to bid again this year. The
37 sand should be taken care of during the summer months so we are well prepared for the
38 fall/winter months. Arthur Capello said he will be using the same RFP requiring samples as we
39 did last year.

40
41 **Building Department** - Arthur Capello would like to set up a meeting with Bill Tobin,
42 Building Inspector, Annette Andreozzi, Building Administrator and the Selectmen to discuss
43 streamlining, fee schedule etc. for the Building Department.

44
45 Chairman Currier stated that as a Town employee, or a government employee they will get paid
46 from the time they start until the time they go home. A contractor, if he has to wait for an
47 inspector, a machine sits there and he doesn’t get paid. Time is money.

1 Selectman McCormack said there is State Law for the inspections, RSA 155-A for Building
2 Code, for 2002. Selectman Guarino said we follow the State Code for inspections. Arthur
3 Capello will set up a work session to include Annette Andreozzi and Bill Tobin.

12 asking them to reconsider their position on the Sunday shift and the certification required. The
13 Selectmen discussed the difference between and EMT-B and an EMT-I. An EMT-I or A can
14 administer drugs that require a needle and EMT-B cannot. Chairman Currier said he was on a
15 call one day that having the personnel there that were able to administer the proper drug, saved a
16 life.

17
18 Chairman Currier said he doesn't understand why some of the full-time firefighters do not fill
19 these Sunday shifts? Selectman McCormack asked several questions, as he was not here when
20 this was discussed before. Selectman McCormack will read back through some of the earlier
21 minutes to get caught up with the previous discussions.

22
23 Selectman Guarino stated that there is enough labor on the Department that the Town's people
24 pay for, to carry through the Sunday shift.

25
26 Chairman Currier said this is what we have discussed over the last two years, we have 184 paid
27 man hours, a Chief that works 40 hours and three firefighters that work 48 hours each.

28
29 The Selectmen continued to discuss Chief Hempel's letter. The Selectmen decided to send a
