Malouin Property 418-001

Chair de Seve stated the Malouin property located on Tax Map 418 lot 001 had been completed. He explained the Public Hearing was held, the deed had been completed, and signed by Patrick Hackley. Member Alec Carpenter asked if the commission intends on utilizing the property for parking to access the Meeting House Pond conservation property? Chair de Seve stated that is correct. The Malouin (gifted) property is within 400 ft. of the property located on Meeting House Road (a.k.a. Twigg) property which does have a full conservation easement with restrictions on it. Mr. de Seve stated he would try contacting NH DOT-Gilford District Office relative to putting in a parking lot on the Molouin property.

Conservation Easement Monitoring and Stewardship

Chair de Seve inquired of Alec Carpenter if he had done a report on Cogswell Mountain last year during his walk through. Mr. Carpenter stated he had not but could put one together without a problem. Mr. de Seve stated he would appreciate it if he could.

Chair de Seve stated the commission will walk through the conservation properties in the spring to write up reports on the condition, needs, etc. on each one. Mr. de Seve stated the commission can now mark the trails, as the clerk has found an entire box of trail markers in the basement to be utilized for this purpose.
