

**SAWYER LAKE VILLAGE DISTRICT
BOARD OF COMMISSIONERS' MEETING
January 17, 2019**

Present: Bob Dow, Rich Bakos, Steve Chmielicki, Rich Adams, and Paula Adams

Meeting came to order at 6:00 PM. The minutes from the December 20, 2019, meeting notes were read, seconded, and accepted.

Dam: Rich Adams explained what would be expected to be done this year on the dam and the costs.

Roads: The dirt roads are frozen now. The weather is still active. Plowing and sanding roads.

Treasurer's Report: With the microburst this summer and the early snow, the district went over budget on the roads. A new raft was also needed for Beach 3. This caused the Beach Budget to also go over the budgeted amount. A warrant article for a Capital Reserve will be presented at this year's Annual Budget because of the budget overages in the past two years. This will apply to general emergencies. The tax rate will be presented at \$2.31. The budget for 2019 has been finalized and will be presented at the Annual Meeting.

Operating Account:	\$94,387.38
Dam Account:	\$85,260.13

Treasurer's Report accepted and seconded.

Open Forum: Mary Sawyer asked about changing the zoning laws for abutters. She said she would do the research on this and find out what can be done. She does not want other abutters to go through what she did this past year with someone trying to build on an undersized lot. The town isn't consistent with some of the rulings.
