Deputy Commissioner

August 9, 2023

Dear Property Owner:

The New Hampshire Department of Transportation has scheduled culvert work on NH 107 in the Town of Gilmanton.

A survey crew will be in the area and will need to enter onto your property and/or properties periodically during the next year to locate buildings, drainage, and landscaping. Representatives of the Department will also be in the area to visually review natural and cultural resource impacts. This work is to aid our design personnel with information for engineering.

If you have any questions, please do not hesitate to contact Kirk Mudgett of the Bureau of Highway Design on issues relating to scheduling and the design at (603) 271-1598. Kevin Nyhan of the Bureau of Environment on natural and cultural resource issues at (603) 271-3226, or our area survey supervisor Josh Hicks, for any questions related to the fieldwork at (603) 271-2746.

Thank you very much for your help and cooperation.

Sincerely,

Jason B. Pohopek, LLS  
Chief of Surveys and Mapping
